A HELPFUL RESOURCE FOR SMALL BUSINESSES

efficiency
NOVA SCOTIA

"A community is like a ship, everyone ought to be prepared to take the helm." - Henrik Ibsen

Meet Spencer LeBlanc, Efficiency Nova Scotia's newest Business Development Manager, dedicated to helping small businesses like yours, save.

We understand that as a small business owner, you are pressed for time. That is why we have a resource to help you reduce operating costs and save money through energy efficiency.

If you have already thought about upgrading your lighting and heating, we have incentives to help. For a limited time* and for small businesses who qualify, incentives have increased to cover up to 80% of the total project cost on select measures:

Linear Replacement Lamps

All Outdoor Lighting

Case Lighting/Sign Retrofit Applications

All Commercial Heating

Integrated LED Fixtures

*Increased incentives are available until December 31, 2021.

Beyond lighting and heating we can also help on other equipment such as kitchen equipment, laundry, and refrigeration. Contact Spencer today to book your FREE 15-minute energy consultation and to take advantage of our limited time incentive increase. Email sleblanc@efficiencyns.ca or call 902-414-9065 to get started.
